General Provisions

1. Award Conditions to the Financial Assistance Award Between the Denali Commission and Department of Health and Social Services For Domestic Violence Facility Planning, Design and Construction

1. Scope of Work

The Denali Commission (Commission) is providing a total of \$1,000,000 to the Department of Health and Social Services (DHSS) for the domestic violence facility planning, design and construction. Commission funds and match funds will be managed by DHSS. Projects are not authorized to proceed until the Project Authorization is approved by the Commission.

All Commission funding is intended for use for the scope of work identified in the Award document only. Any balance of funds remaining after the full scope of work has been completed will be returned to the Denali Commission.

2. Milestones

The following milestones are identified as the major steps to be completed as part of the project. "Planned" dates for the first milestone are included here. As part of each progress report, recipients shall update the progress toward meeting these milestones (see section 7, Reporting).

Milestones will be added through the project authorization process.

3. Award Performance Period

The Award performance period is August 1, 2008 through June 30, 2011. This is the period during which Award recipients can incur obligations or costs against this Award.

4. Direct and Indirect Costs

The cost principles of OMB A-87 are applicable to this Award. No indirect costs are allowable for this award unless specified through a project authorization. Please refer to the cost principles regulations for specific details on other allowable charges under this Award.

5. Budget and Program Revisions

The Administrative Circular, A-102, applies to this Award. Please refer to the Administrative Circular for specific details on revisions to this Award. The Administrative Circular requires that DHSS will inform the Commission in writing (e-mail, letter, or report) at the earliest possible date of any unanticipated project cost overrun, project schedule delays, or changes in the project scope or changed site conditions.

6. *Payments*

Payments under this Award will be made by electronic transfer in response to a “Request for Advance or Reimbursement”, Standard Form 270 (SF-270) submitted by the DHSS. Requests for reimbursements may be made as needed or at the end of each quarter but should be submitted no later than 30 days after the federal quarter. The SF-270 must be submitted to the Denali Commission via fax, e-mail (finance@denali.gov) or mail in order for payment to be processed. The form is available on the OMB website: http://www.whitehouse.gov/OMB/grants/grants_forms.html. Payments shall be made in accordance with OMB Circular A-102. Please contact the Denali Commission’s Finance Specialist at (907) 271-1414 for further information about submitting this form. **No interest will be accrued on these funds.**

7. *Reporting*

Two forms of project reporting are required under this Award, listed below. DHSS shall submit reports using the Denali Commission’s on-line Project Database System, available at www.denali.gov. If there are technical limitations which may prevent the recipient from meeting this requirement, please contact the Program Manager listed in this agreement.

a. **Progress Reports** shall be submitted on a quarterly basis. The first reporting period is August 1, 2008 to December 31, 2008 and quarterly thereafter. Reports are due within 30 days of the end of the reporting period. Progress reports shall include the following:

i. Total project funding, including both Denali Commission funding and other project funding sources.

ii. The total project expenditures for the project as of the end of the reporting period, including both Denali Commission and Other funding sources.

iii. Updated schedule and milestone information as identified in the Scope of Work

iv. Narrative summary of the project status and accomplishments to date, and address the following questions: is the project on schedule, is the project on budget, and what actions are planned to address any project problems.

v. **Construction Projects** Photographic documentation of project progress shall be provided with the progress reports for active construction projects. The photo documentation shall include a minimum of three, dated photos per reporting period such that a complete record of the construction is maintained over time, from “before,” showing the situation before the start of construction, to “during” showing work proceeding on the project, and “after” to show the finished project. Photos shall be provided in a digital format as part of the on-line report. A short description of the activity and names of those in the photos shall also be provided.

vi. **Non-Construction Projects** For minor repair and renovation projects or other non-construction projects, pictures should be provided of before and after, or photos that are representative of the funded activity, to the extent possible. Photos shall be provided in a digital format as part of the on-line report. A short description of the activity and names of those in the photos shall also be provided.

In addition, the DHSS shall meet twice annually in person with Denali Commission staff to report

Pickup or delivery of the sign can be arranged at that time.
- d. Acknowledgement of support: For all non-construction projects, the Award recipient shall include an acknowledgement of the Government’s support for the project(s) developed under this Award. The format for acknowledgement of the Government’s support for non-construction awards will vary with each award and must be agreed upon between the Award recipient and the Denali Commission Project Manager.
